STAT

SUBJECT : Fraser Subcommittee Re-Interview With

STAT

STAT

1. [REDACTED] The re-interview requested in the attached letter is scheduled for 3:00 p.m., Friday, 21 April in the C&R Conference Room. I will be at an NFAC Conference at [REDACTED] that day, and will thus be unable to attend.

STAT

2. [REDACTED] Because we have determined that this re-interview should be treated as "old" information, paragraph two of the Addendum to the Memorandum of Understanding will not be applicable; the re-interview will be conducted by Larry Sulc and Gordon Freedman (the "designated" staffers referred to in paragraph two are Michael J. Hershman and Beverley Lumpkin).

STAT

3. [REDACTED] Neither side feels it necessary to invoke the letter of paragraph six of the original Memorandum of Understanding, which calls for the taking of a verbatim record. Subcommittee notes must, however, be properly classified and sanitized before removal from our premises.
